Django Project

- [**done**] Create a different app for section handling.
- [**done**] Create a different app for rendering.
- [**done**] Create a different app for the dashboard.
- Create a different app for notifications.
- [**done**] Create a different app for tokens.
- Create a different app for files.

Lorem ipsum dolor sit amet, consectetur adipisicing elit. Alias dicta ducimus exercitationem iste laborum laudantium sint vitae. Asperiores blanditiis doloribus dolorum enim eveniet neque obcaecati, odio placeat quidem quod veritatis.

User Interface

- Dynamic messages
- Alerts (reveal modal maybe?)
- Change side menu style
- A real markdown editor
- After sending a message reload just the messages panel
- [**done**] Add the tokens section.
- Enable Move up / move down buttons

Usability

- Download as PDF.
- Download LaTeX code.
- HTML / Raw markdown actual downloadable files.
- Apply instant focus on reveal modals.

File Manager

- Add some way to add files to the document
- Add a file manager for the document

Code

- [**OK**] Clean javascript code.
- *[ALMOST]* Make sure functions are safe.

Dashboard

- Fix some design glitches.
